^V **Peer Review Contact:** The Peer Review Contact should be carefully selected since the contact may be responsible for tasks other than coordinating the peer review. This is due to a change in how MFC forms are addressed by the firm. MFC forms were previously signed by engagement partner(s) for engagement questionnaire matters, or an individual charged with governance responsibility of the firm as a whole for matters relating to functional areas. New guidance requires that the MFC form be signed by the reviewed firm representative, which is the sole practitioner, managing partner or the peer review contact. That reviewed firm representative would also be responsible for discussing the MFC forms with the appropriate individuals within the firm, including those charged with governance. Thus if the reviewed firm representative is the peer review contact, that contact should be familiar with matters and MFC forms. For instance, for System Reviews, a peer reviewer notes a matter as a result of his or her evaluation of the design of the reviewed firm's system of quality control, and/or tests of compliance with it. For Engagement Reviews, a matter is noted as a result of evaluating whether an engagement submitted for review was performed and/or reported on in conformity with applicable professional standards. A matter is documented on an MFC form.
